Abdur Nour Tanim

Full Stack Web/Application Developer
Chattogram, Chattogram, Bangladesh

Summary

I am an experienced full stack web developer with a proven track record of delivering complex projects on time and within budget. I have been working in this field for the past five years and have built up a solid understanding of web development, from the front-end to the back-end.

My key skills include HTML, CSS, JavaScript, PHP, MySQL and Node.js. I am also familiar with various frameworks such as AngularJS, ReactJS and Laravel. I have also developed custom APIs and RESTful services for various applications.

I am confident that my skills in full stack web development would be an asset to your team. I am passionate about developing high-quality websites that are secure, fast and reliable. My ability to communicate effectively allows me to work collaboratively with other developers and stakeholders within your organization to ensure successful project delivery.

I am confident that my experience in full stack web development will be highly beneficial for your business goals. Please find my
